GARDNER NAMED FLOOR LEADER

Ohio Republican Senators-Elect Hold Caucus.

ORGANIZATION IS EFFECTED

Gardner's Supporters Offer Slate of Candidate For Other Positions, Which Goes Through Without Material Change—Ackerman Selected Sergeant-at-Arms From a Field of Twelve—Other Posts Filled.

Columbus, Dec. 11.—The caucus of Ohio Republican state senators-elect named Joseph R. Gardner of Cincinnati president pro tem and majority floor leader. Gardner is known as a "liberal."

Senator J. Lowery Miller of Middletown, one of the leaders of the "dry" element, presented the name of Senator D. G. Collister of Cleveland to oppose Gardner, but no one seconded his motion and Senator Collister announced he was not a candidate.

Those supporting Senator Gardner also offered a slate of candidates for other positions, which went through without material change. Joseph E. Cross of Columbus, formerly of West Union, was re-elected clerk, and Thomas E. Bateman of Columbus, formerly of Piketon, was named his assistant. Frank M. Ackerman of Wiloughby was selected for sergeant-at-arms on the second ballot. There were 12 candidates for this post, among them being several former senators. Ackerman was sergeant-at-arms during the Eighty-first general assembly under the Willis administration.

Other posts filled were: Lloyd D. Bower of Columbus, journal clerk; Fred Fuller, Cadiz, message clerk; Mrs. Helen Purcell Rods, Hillsboro, engrossing clerk; Walter Dale, Urbana, enrolling clerk; I. R. Stoner, Canton, first assistant sergeant-at-arms; Captain S. F. Bell, Mansfield, second assistant sergeant-at-arms; Harry D. Knox, Marietta, index clerk; J. W. Carroll, Delaware, bill clerk; and O. B. Parsons, Shreve, assistant bill clerk.

Senator Gardner also heads the committee on committees, which will assign members of standing committees. It will probably meet here Dec. 18 to make appointments, members meanwhile sending in the list of committees on which they would like to be assigned. Other members are: C. M. Kumlir, Lewisburg; Dr. E. LeFever, Athens; C. C. Chapplear, Circleville; W. A. Clark, Urbana; Harry M. Carpenter, Steubenville; Chester C. Bolton, Cleveland; Frank C. Wise, North Canton; Will D. Price, Akron; Arthur F. Day, Cleveland, and W. W. Farnsworth, Toledo.

Senator L. L. Marshall, Cleveland, heads the committee which will determine patronage of the senate and fill remaining posts. Other members are: C. L. Shafer, Scott; Earl C. McCreary, Cincinnati; Joseph R. Hopple, Bucyrus; John S. Edwards, Johnstown; Allen G. Agler, Norwalk; J. Lowry Miller, Middletown; Homer Ramey, Toledo; R. R. Powell, Bowling Green, and John M. Vorys, Columbus.

Senator Carpenter is expected to be named chairman of the finance committee. He served as chairman of the house finance committee four years ago.

Democratic senators will not caucus, since W. F. Garver, Millersburg, and Robert L. Adair, Wooster, the sole two Democrats in the upper house, are expected to divide the honors of minority floor leader. They will take whatever patronage the majority wills them, which is not expected to be much. If they can obtain a stenographer and a page they probably will be satisfied. All selections made by the caucus will have to be approved by the senate when it formally convenes Jan. 5. No upset in the slate approved is expected.

Half of Taxes For Schools.

Columbus, Dec. 11.—According to the annual report of Auditor of State Tracy, 47 cents of every dollar collected in Ohio in the year ended Oct. 1 went for school purposes. Municipal needs came next highest, taking 27 cents; 20½ cents went for county purposes; 6 cents to the townships, and 1½ cents for world war bonds. The total tax collection for the year was \$228,529,899.487, divided as follows: State (world war bonds), \$3,615,931.39; county, \$45,939,100.88; township, \$13,454,690.98; schools, \$103,631,891.12; cities and villages, \$61,989,286.49.

ORGIES AT DANCES

Toledo High School Entertainments Under Investigation.

Toledo, Dec. 11.—A federal grand jury today began an investigation of reports of drunken orgies at high school dances, culminating in a subscription dance at Collingwood hall Thanksgiving night, by Scott High students. Forty-two students who were reported to have attended the Thanksgiving dance were summoned to appear before the grand jury to testify. This jury investigation, it is expected, will continue for several weeks.

Assistant United States District Attorney George Reed, who has charge of the grand jury, said that the matter was brought to his attention by the insistent demands of distracted parents whose sons had become sick following these alleged parties. "Although I dislike disrupting the morale of any school, this matter has been so evident that some action has become necessary," Reed said.

ADMISSIONS MADE BY MORTIMER

Star Witness for Prosecution Given Another Grilling.

Chicago, Dec. 11.—Elias H. Mortimer, chief government witness in the trial of Charles R. Forbes, former director of the veterans' bureau, and John W. Thompson, Chicago and St. Louis contractor, charged with conspiracy to defraud the government in hospital construction awards during Forbes' administration, declared that the late President Harding was appealed to in an effort to curb Colonel Forbes' attentions to Mrs. Mortimer, his wife. Witness did not relate the result of the appeal, mentioning this detail voluntarily when asked how often he called at the white house.

Mortimer brought this out during his cross-examination by Randolph Laughlin, attorney for J. W. Thompson, Forbes' co-defendant. Mortimer admitted that he was indicted by a New York grand jury for conspiracy to violate the Volstead law. He said he was placed under \$5,000 bail, but insisted it was later paid back and the case never went to trial.

Several flaws developed in Mortimer's testimony. "That was my recollection at the time," Mortimer said when confronted with exhibits of his testimony before the senate committee, which differed substantially from his direct testimony at the present trial. "I don't remember," he answered several times when asked to explain to the jury these apparent inconsistencies in his story.

Resignation Accepted.

Concord, N. H., Dec. 11.—The resignation of John V. Dittmore of Boston as a trustee of the estate of Mary Baker Eddy was accepted by Judge Hill of the county probate court. Mr. Dittmore filed his resignation with the clerk of the court two days ago. A petition for his removal, filed by his co-trustees, was awaiting hearing.

Bradfute Re-elected.

Chicago, Dec. 11.—O. E. Bradfute of Xenia, O., was re-elected president of the American Farm Bureau federation for a third term at the national convention here.

AUTO TAG FEES HELD ILLEGAL

Attorney General Crabbe Renders Important Ruling.

SYSTEM WITHOUT AUTHORITY

Deputy Registrars Can Be Made to Account For Money Thus Collected, the Attorney General Holds—Solution of Problem Up to the General Assembly, Assistant Secretary of State Baird Says.

Columbus, Dec. 11.—Attorney General C. C. Crabbe, in an opinion handed down to Prosecutor Orel J. Myers of Darke county, outlawed the practice of automobile clubs and deputy registrars of automobiles in charging a fee of 25 cents for services rendered in issuing automobile license tags.

The attorney general held that the fee system, inaugurated a year ago in some counties and which was generally criticized, was without authority in law and that the deputy registrars could be made to account for the money thus collected. Mr. Crabbe's opinion will prevent the system from being invoked again in 1925.

The opinion quoted from section 6291-1 of the general code, providing for the appointment of deputy registrars, which after reciting the duties of these officials says, "and they shall serve without compensation." "Nowhere in these statutes," said the attorney general, "is there any express or implied authority for the secretary of state to charge for this service any fee or compensation," excepting the auto tax itself, "which he is required to collect and pay into the state treasury. It must be kept in mind that it has been an established policy of this state for a long period of time that fees and compensation are not allowed by implication and that there is no such thing as constructive fees."

Assistant Secretary of State Joe Baird, when informed of the opinion, declared that the only hope of a solution to the problem would be for the speedy enactment of a fee law by the Eighty-sixth general assembly. "We have sent out thousands of these tags to deputy registrars for the 1925 season," he said. "If they refuse to serve without compensation we can not force them to serve. The only alternative is the use of the mails and the persons who are now objecting to the small fee would have to wait for months and months for their tags, because we have not an adequate office force here in Columbus to take care of the congestion that would follow a strictly mail order business."

FIVE LOSE LIVES

Seaplane Falls Into Ocean While Engaged in Bombing Exercises.

San Diego, Cal., Dec. 11.—A large naval seaplane fell into the ocean near this city while engaged in bombing exercises. Five men are dead. Four were rescued by another seaplane and taken to a hospital.

The victims are: Lieutenant G. Varini, pilot; A. P. Thurston, observer; Lieutenant K. H. Roby, second pilot; F. D. Trull, aviation machinist's mate, and J. W. Wiczek, radio man. The injured: S. R. Davenport, machinist's mate, slightly burned; R. Pautz, aviation mate, first class; D. J. Massengill, aviation rigger, first class.

The pilot of a land plane flying over Point Loma saw the plane fall. Turning back, he flew low over the seaplane hangar and shouted word of the accident. A seaplane, all ready to take off, followed the land plane and descended to the wreckage. The five injured men were brought ashore. No trace of the others has been found.

Found Unconscious.

Lexington, Ky., Dec. 11.—Doctors are mystified by strange features in the case of Miss Avis Marsh, 21, Fort Thomas, Ky., and will make an x-ray photograph in an effort to determine whether her skull has been injured. She has been unconscious, except for brief intervals, for two days. Miss Marsh was found lying on the floor of the office where she was employed last Saturday night.

Against Child Labor Amendment.

Columbus, Dec. 11.—The Ohio Canners' association went on record here as being opposed to the federal child labor amendment. In a resolution passed at the closing session of the annual convention the association denounced the exploitation of children in industry, but declared child labor is a question which the states should handle individually.

OHIO HAPPENINGS

Disabled Vets Fined.

Dayton, O., Dec. 11.—Thirty disabled veterans of the world war pleaded guilty in police court to charges of violating the city soliciting ordinance in connection with their sale two weeks ago of forget-me-nots. Declaring his belief that the veterans thought they were within their rights in selling with licenses issued by the county auditor, Judge William G. Powell suspended the \$5 fines and costs which were assessed each man.

Kuzik Gets Another Chance.

Columbus, Dec. 11.—Alexander Kuzik, 19, of Akron, awaiting electrocution at Ohio penitentiary for the murder of his cousin, Elizabeth Nagy, 13, will get another chance for his life. At the request of Kuzik's counsel, C. G. Roetzel, Governor Donahay agreed to hear "further evidence" as to Kuzik's sanity. Roetzel said three alienists examined the youth at the time of his trial and found him mentally irresponsible.

Watkins' Disappearance.

Youngstown, O., Dec. 11.—Local citizens announced that E. A. Watkins, who disappeared recently, had been sent away by his own friends "for the good of the cause," and that he would not return. City authorities received protests recently against the use by Colonel Watkins of a building intended for a police station to drill a "state police force," which he organized here.

Victim Receives Award.

Tiffin, O., Dec. 11.—The New York Central Railroad company awarded \$7,500 to Zora Hoffman, 15, one of the victims of the automobile-train crash at Oak Harbor July 23. The child only recently left Fort Clinton hospital. The accident leaves one of her legs shorter than the other. This settlement is the largest thus far paid in this case.

Dies of Injuries.

Columbus, Dec. 11.—Mrs. Elizabeth Kepperly, 64, died at White Cross hospital from injuries received when struck by an auto driven by Raymond Noon. She was struck Noon told police, as she ran from the sidewalk towards the middle of the street to catch a streetcar.

Gem Theft Reported.

New Philadelphia, O., Dec. 11.—Twelve diamond rings, valued at between \$1,500 and \$2,000, in a velvet box, were stolen from a show case in the local store of the Watch Shop company. John E. Joss of the firm offered \$500 reward for their return.

Davey's Mother Dead.

Kent, O., Dec. 11.—Mrs. John Davey, 65, mother of Congressman M. L. Davey and widow of the prominent "tree surgeon," died of a stroke of apoplexy. Mrs. Davey was born near Warren, and was the daughter of a minister.

Landes Upheld.

New York, Dec. 11.—The administration of Commissioner K. M. Landis was indorsed by the American league officials in session here. They also tabled President Johnson's charges that gambling existed in the Pacific Coast league.

Fast Proves Fatal.

Gary, Ind., Dec. 11.—Esia Badel, 28, who began a fast Oct. 5 to reduce his weight and refused food for 63 days, is dead. Badel was a cook in a restaurant and weighed 165 pounds. He had reduced to 85 pounds.

TO RECONDITION OLD WARSHIPS

Naval Bill Called Up in the Senate Today.

WILBUR'S REQUEST NEEDED

Secretary of Navy Would Modernize the American Fleet So as to Re-establish and Maintain It at the Treaty Ratio—Discussion of Gun Elevation Proposals Deferred—Isle of Pines Treaty to Be Considered.

Washington, Dec. 11.—Chairman Hale of the senate naval affairs committee called up the naval reconditioning bill in the senate today. The bill provides expenditure of \$111,000,000 to build eight light cruisers, convert six battleships into oil burners and create six new gunboats.

Senator Hale's motion was in answer to the plea of Secretary of the Navy Wilbur for modernization of the American fleet. Wilbur appeared before the house subcommittee on naval appropriations and urged reconditioning of older battleships to keep them in fighting trim and the inauguration of a continuing building program for auxiliary craft based on similar construction undertaken by other naval powers. This action was held necessary to re-establish and maintain the navy at the 5-5-3 ratio.

The secretary's statement was made to the committee in response to a request for a detailed statement showing "in just what ways we have retrogressed" from the treaty ratio and what steps were necessary to "restore and maintain the navy at the treaty ratio."

The question of modernization of many battleships of the fleet was dealt with at length in the statement, with particular stress on the six ships that need new boilers to bring them back to normal speed. "To postpone the modernization of these ships is to gamble upon the chances of war during the next 10 years and to increase the possibility of such war by that degree of unpreparedness," Wilbur declared.

Discussion of gun elevation proposals, which has not reached the committee for its consideration and involves possible international aspect, was deferred by the secretary. It is known, however, that he feels that the same arguments apply for prompt work on increasing gun ranges.

The senate agreed by unanimous consent to consider the Isle of Pines treaty between Cuba and the United States immediately following disposal of Muscle Shoals.

LURED SLEUTH TO DEATH

Woman Says Her Husband Prompted Slaying of Detective.

Kansas City, Dec. 11.—Mrs. Mildred Arnold, 21, confessed to police that she had lured Lawrence L. Hatfield, Pinkerton detective, to his death because she feared her husband's wrath if she refused. Mrs. Arnold, mother of a 2-year-old child, was brought here from Joplin, Mo., where she has been hiding since Hatfield's body was found a week ago slumped over the steering wheel of his automobile on a roadside near here. W. H. Arnold, her husband, who shot the detective, according to her story, is still at liberty. "My husband was very jealous of me," said the youthful mother. "He had been told I had several dates with Hatfield and wanted revenge. I came here with him from Wichita, Kan., with a purpose. I called Hatfield on the telephone and we went out in his automobile. You know the rest."

Would Boost Postmen's Pay.

Washington, Dec. 11.—The post-office department is drafting a bill to increase and adjust postal rates so as to permit a \$68,000,000 advance in the pay of postal employees. This is being done at the request of Senator Sterling, chairman of the senate postoffice committee. It is the purpose of Senator Sterling to present a measure which will lower the losses on the handling of various kinds of mail to meet the pay increases which President Coolidge has vetoed.

League Sleuths Sidetracked.

Columbus, Dec. 11.—The attorney general's office will do the legal work for the prohibition enforcement department in the future, Commissioner McDonald said. This will dispense with the "volunteer" service of Anti-Saloon league attorneys whose status in court in such capacity, McDonald says, has been questioned.

THE WEATHER.

Ohio—Friday: Generally fair.

BORAH NOT IMPRESSED

Agricultural Conditions Not as Rosy as Depicted, He Says.

Washington, Dec. 11.—Senator William E. Borah of Idaho announced he could not go along with the optimism and reasoning of the late Secretary Wallace, whose report was made public by his successor, Howard M. Gore. Borah, who, as chairman of the senate foreign relations committee, gave notice that farm relief legislation must precede consideration by the senate of the world court proposal, was unmoved by the claims of the department of agriculture. A group in the senate, he said, will begin the preparation of a farm relief bill unless the fact-finding commission shall have proposed its remedy by that time.

"I would like," said Senator Borah, "to have the department of agriculture ascertain for us how many farmers have deserted their farms within the last year or so. There are deserted farms all through the west, waste places left by men who could not make a living upon them."

"The same situation obtains in Pennsylvania, Massachusetts and other states in the east. It is common to the agricultural sections; farms everywhere have been and are being sold for taxes."

Division in Union Ranks.

Cincinnati, Dec. 11.—A temporary injunction was issued against Edward Fitzgerald, president, and members of the grand executive board of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees. The suit follows a division in the ranks of the union, which recently constructed a large office building here, primarily to house their bank and national executive headquarters. Fitzgerald is under charges which resulted in his suspension from office pending an investigation, it is alleged.

Anti-Betting Law Invalid.

Lansing, Mich., Dec. 11.—The Michigan anti-gambling law enacted by the last legislature was held to be unconstitutional by the state supreme court. The decision held there was no record to show that the act was read the required three times before the assembly and that it therefore is invalid. The law prohibited publication of betting odds on horse races.

TO CODIFY LAWS

American Judge to Sit With Fourteen Other International Jurists.

Washington, Dec. 11.—An American judge, backed by the moral support of the United States government, will sit with 14 other international jurists to be chosen by the league of nations council to codify international law. Approval of the league plan, which carries out the repeated suggestions of President Coolidge and Secretary Hughes, was expressed by administration spokesmen.

Participation in this league activity will be in line with this government's co-operation in the league's anti-narcotic conference and other humanitarian activities. In accepting the league, this government, however, will point out again that it does not thereby undertake any league of nations commitments.

HOLIDAY DISPLAYS

Stores Abound With Unusual Holiday Goods—Fairland for Children.

Stores never appeared to better advantage for Christmas shopping than at the present time, and never before have larger stocks of merchandise been offered.

The range of goods has never been so great or prices more reasonable than they are now.

As a result of the combination the Christmas buying in the city is expected to be unusually heavy and the next two weeks may establish a new record in sales for holiday goods.

Already there is evidence of more than ordinary activity in early shopping.

Apparently the stores have not neglected any department in which Christmas goods are featured and gift things are abundant on every side.

The Christmas air is observed the moment one steps inside the various stores and some of the shops show marked beauty in the way of holiday decorations.

Counters, shelves and show cases are literally teeming with goods suitable for Christmas gifts and ranging

in price to fit the smallest or largest purse.

The visit of children to the stores is always welcomed with delight. The thousand and one things that the little ones would like to have, but they know only too well, that everything is not within their reach, and after they return home they, as a rule, make known their wants without much prompting. It's a poor home that will not have a Christmas holiday observance this year, as everything that is offered in the various stores and shops of this city is priced very reasonably.

The stores last Saturday were swarmed with Christmas buyers and the peak of Christmas shopping will be reached by buyers in about two weeks. Do not put off you buying until the last moment; now is the time to get your choice of goods. If you wait until the last moment you will have to take what is left.

MOTHS! MOTHS!

What are they? Most people know but do you know? A solution for the protection of your clothes during the time they are not in use? You no doubt have noticed that moths will not work just in one spot but will eat a little here and there that is proof that there is something there they like. A sure prevention is to have your clothing thoroughly cleaned that destroys all moths; even the eggs or other germs that may be in the garment then pack them or hang them in a moth proof bag which we furnish free with each suit, coat or overcoat we clean.

Sick Poultry Can Be Cured Any Season of the Year.

Circleville, O., R. F. D. 6,
September 29, 1924.

Mrs. Edward H. Wardell, winner of Grand Sweep Stakes for best dozen eggs in show in Ohio State university, held February, 1924, says:

Mr. F. L. Fickardt, Dear Sir:—
I am only too glad to recommend Fickardt's Roup and Cholera Drops to any one interested in poultry, as the best preventative for contagious diseases I know of, on the market today. About three years ago cholera broke out in my flock of young chickens, which were then about six weeks old, and weighing about 1½ pounds. There were 175 birds in this flock. As soon as I discovered they were sick I began treating them according to instructions of a specialist. I only lost eleven out of 175, and checked the disease in about three days. At that time Fickardt's Roup and Cholera Drops was recommended to me as a wonderful medicine to be used as a preventive of contagious diseases. At that time I began using the Drops and have not had an epidemic since, altho I lose one or two now and then from common causes such as apoplexy, egg-bound, etc. I begin giving it to the chicks when they are quite young and from that time on they are never without it. At the present time I am shipping two cases of eggs a week and have been for the last six months, from my flock of 180 hens and I attribute this high egg production to the healthy condition of my flock. I always grade and candle my eggs and I have attained such a degree of perfection that I have less than three per cent of my eggs that do not run over the specified weight of 24 ounces to the dozen. Sincerely,

Mrs. Edward H. Wardell.
Fickardt's Roup and Cholera Drops
Is a remedy for Roup, Colds, sneezing, Canker, Limber neck, Chickenpox, White Diarrhoea, Indigestion and bowel complaints. Price 50 cents.

Lesson for December 14

THE RAISING OF LAZARUS

LESSON TEXT—John 11:1-45.
GOLDEN TEXT—"I am the resurrection, and the life."

PRIMARY TOPIC—Jesus Comforts a Family in Trouble.
JUNIOR TOPIC—Lazarus Raised From the Dead.

INTERMEDIATE AND SENIOR TOPIC—Christ's Power Over Death.
YOUNG PEOPLE AND ADULT TOPIC—Christ, the Resurrection and the Life.

I. The Revelation of Christ's Love (vv. 1-36).

The Bethany family held a peculiar place in the affections of Jesus. When the doors of other homes were closed against Him, the door of this home flung wide open to receive Him.

1. Lazarus Sick (vv. 1, 2). Even those who are in close fellowship with the Lord are not immune from sickness.

2. Martha and Mary Send for Jesus (v. 3).

Because they had come to know Jesus more than a mere man they instinctively turned to Him when their shadow fell across their home. Those who receive Jesus into their homes, when all are well and happy, can be sure of His love and sympathy when sickness and death overtake them.

3. Jesus' Strange Delay (vv. 4-19). Martha and Mary sent for Jesus because He loved Lazarus. Now, Jesus "abode in the same place" because He "loved Lazarus and his sisters." Mere human sympathy would have moved Him to hasten to the home of trouble, but Divine love, which rests upon perfect knowledge, caused Him to tarry.

4. Jesus Meets Martha and Mary (vv. 20-37).

Martha and Mary knew the peril to which He would be exposed and therefore did not request that He come, but merely gave Him notice. They were willing that His coming should be left to Him.

(1) Martha Met Jesus (vv. 20-27). As He was nearing the village, Martha, who with her sister had passed through the awful ordeal of the sickness and death of a dear brother, met Him with a complaint for His delay. Because of His love He ignored her complaint and taught her concerning the resurrection and life. Martha, like many today, had a vague belief that God would raise Lazarus some time in the remote future. To her came the compelling declaration, "I am the resurrection, and the life." The great truth to be apprehended is that here and now we are united to the living Christ, the source of life, and that this is the pledge of bodily resurrection and eternal reunion.

(2) Mary Met Jesus (vv. 28-35). Mary came with the same words, but with a different voice and attitude. She fell down at His feet. She had been sitting at His feet in the days of sunshine. Therefore she knew where to go when sorrows cast their shadows across her path. Her words were answered by His tears. "Jesus wept."

II. The Resurrection of Lazarus (vv. 38-44).

The great sympathy now expresses itself in supernatural power. Sympathy would be valueless without its connection with divine power. In this stupendous miracle we see an illustration of the quickening into life of those dead in trespasses and sin.

Observe:

1. He Was Dead. This is a type of the sinner, dead in trespasses and sins, even morally corrupt (Eph. 2:1).

2. The Stone Must Be Rolled Away. This is the part the human must play.

3. In Unbelief Martha Protests Against the Stone Being Removed. She insists that Lazarus had already undergone putrefaction.

4. Christ's Intimacy and Fellowship With the Father as Revealed in His Prayer.

5. His Manner of Dealing With Lazarus. It was by a call. He is calling men and women today by His Spirit, His Word and His providence.

6. The Response of Lazarus Shows That His Call Was With Authority and Power. With the call goes the power to hear and obey, even though one be dead in trespasses and sin and therefore helpless.

7. The People Are Commanded to Remove the Grave-Clothes and Set Him Free. They could not make Lazarus alive, but they could remove the grave-clothes which bound the man whom Christ made alive.

III. The Effect of This Miracle (vv. 45-47).

This mighty work caused division of sentiment. Some believed on Jesus and some went to the Pharisees with the news.

AMUSEMENTS

"The Man Who Fights Alone" at the Met is unusual in theme and gripping in story. What is more it marks the screen comeback of William Farnum, this time under the Paramount banner. On top of that it has a superb supporting cast headed by lovely Lois Wilson and Edward Horton both featured. Wallace Worsley directed the production.

"The Man Who Fights Alone" is from the story "The Miracle of Hate" You have all heard a lot about the miracles that have been performed by love, but sometimes the terrific emotional power of hate can do things even more startling.

Farnum has the role of a twostisted engineer who wins the love of a beautiful girl who had also been courted by his best friend. Ill health makes it necessary for him to form a partnership with his friend who is an honorable man in every respect. As day after day he sees his wife and his friend talking, laughing, enjoying each other's company, suspicion and bitterness creep into his heart until there comes a time when his mind is so warped that he resolves upon a desperate course of action. How his little daughter saves him from the consequences of his own folly and how he is made to see his jealousy to be without foundation, form a mighty climax that will send the red blood tingling and coursing thru your veins.

LABOR LEADER
NEAR DEATH

Samuel Gompers Aboard Speeding Train in Effort to Save Life.

Federation President Has Sudden Heart

Attack While Attending Inauguration of President Calles in Mexico

City High Altitude Blamed.

San Antonio, Tex. Dec. 11.—(United Press)—Samuel Gompers, aged president of the American Federation of Labor who is reported critically ill enroute from Mexico City to the United States may be brought thru this city as the shortest route to his home.

Gompers was placed on an International and Great Northern railway train Wednesday and was being rushed to a lower altitude today because of a serious heart affection, according to reports here. The veteran labor leader was stricken while attending the inauguration of President Calles in Mexico City.

Gompers will be brought thru here if he survives, A. W. Hartman, of this city, who was with the Gompers in Mexico City, said.

Information here is that it is exceedingly unlikely the patient can survive the trip, as the railroad runs along mountain ranges much higher than the city itself. The train is scheduled to reach Laredo late today.

CHRISTMAS TREE

Committee Asks Cooperation of All to

Gladden Hearts of Little Ones

None in the community has forgotten the Community Christmas Tree of last year. It has left its impress on the community. Already plans are under way for a similar celebration this year and the committee expects that with the hearty cooperation that was found last year it will be possible to make this Christmas tradition

this year. Already various organizations are cooperating, the tree, the lighting, the hauling, the decoration all being looked after now. It remains for the others of us in the community to provide the oranges, candy, nuts, dolls and toys necessary to make every child happy. It will not take a large sum; it will take only goodwill. The headquarters for receiving these things, especially the toys, have been located at Hamilton & Ryan's drug store and at Fickard's drug store. Look up your toys. If you have some that have served their usefulness to you pass them on to another. If you are not so fortunate as to have a toy in the house go and have the pleasure of getting one for some child that will look forward to this season as the great event of the year.

In addition to the two headquarters in the center of town there will be placed in each grocery of the outlying districts of town a Christmas tree jar to receive contributions of whatever size. We want even the children to have a part in making the celebration possible. It is a community affair. Let everyone help make it a success. 11dec23.

Showed Greatness in Youth.

At the age of 14, and when a sophomore at Cambridge, Francis Bacon left the university in disgust, declaring that the whole system of education was radically wrong at Cambridge and everywhere else. And Bacon lived to prove that he was conservatively right in his contention. Swift despised his teachers because he knew more than they did, and therefore had difficulty in securing a degree.

Tigers Like Water.
Tigers are extremely fond of bathing. In a zoo, if a tub be provided, they will eagerly make use of its facilities for ablution. They are first-rate swimmers, and in former days it was reckoned at Singapore that they "ate a Chinaman a night," swimming across from the mainland to get him.

Eagles play at Ashville Sunday afternoon.

Three Doctors Always at Hand.
The first monastery of the Benedictine order was founded by St. Benedict at Subiaco, in Italy, in 515. The Directorium Salernum, a work published by the medical school at Salerno, then the foremost in Europe, taught that "If you can't find a doctor, remember that you always have three doctors at hand—good spirits, good rest and moderation in diet." The cloister was the busiest place in the monastery. Here all the monks not engaged in other work spent the day writing and illuminating manuscripts and books. Each one had a special seat in the cloister allotted to him. During meal times no conversation was allowed in the dining room, the text for the day being read out to the monks from a pulpit.

If you want a radio instrument that is—
1. Complete in one unit
2. Ready to operate when you buy it
3. Easily movable from room to room
then the De Forest D-12 is the one to get.
There's no hook-up to bother about—no outside antenna to string—no ground wire to connect. Tubes, batteries, loud speaker—all parts are conveniently contained in a beautiful cabinet.
You and your family will be proud to own a D-12. It is designed according to

the highest engineering skill. It is remarkably selective, and has a tone that is clear and pure and natural almost beyond belief.
You will find the D-12 easy to use. We'll gladly send one of our experts to show you how easy it is. It will take you only a few minutes to learn.
A telephone call will bring a De Forest D-12 to your home for a free demonstration so that you can prove its ability to give you the fullest enjoyment and satisfaction from radio.

For Winter Driving And Genuine Motoring Satisfaction

CALDWELL & TAYLOR'S ORIGINAL

BENZOL GAS

"The King of Motor Fuel"

It's a fact that Caldwell and Taylor's Benzol Gas gives much greater mileage than gasoline. Scientific tests prove it. Motorists quickly discover it because they find that the intervals between fillings are longer.

Caldwell and Taylor's Benzol Gas is truly the king of motor fuels. Quicker pickup than any gasoline produced, lower motor temperatures and freedom from motor knocks are characteristics of its performance.

Its popularity is increasing by leaps and bounds. Most motorists who try it will not return to the use of gasoline again.

The most convincing arguments for its use is in the satisfaction you will receive when you try it. Give Benzol a chance to prove its value in your motor.

Mental Strain for the Kid.
We must not expect too much of the child and probably all that we can reasonably ask is that he swallow the safety pin is closed before swallowing it.—Ohio State Journal.

Camouflage in Reverse.
Reversal of the camouflage principle, greatly increasing the visibility of its subjects instead of concealing them by blending them with the background, is declared a possible peace development by the naval officer who developed that particular nature-faking system. Since every positive has its negative, color applications opposite to those used for confusing the eye are being studied for a possible standardized system of making distant objects conspicuous.—Popular Mechanics Magazine.

Staving Off Old Age.
Among many other extraordinary plans for prolonging one's stay on this interesting planet may be mentioned that of a South African farmer who advised people to eat every day four pounds of bananas steeped in sweetened whisky, and that of a professor in the University of Pennsylvania who believed that much could be done in the way of staving off old age by frequently having one's feet tickled!

From Day to Day.
Don't imagine that the doctor can cure your ills when it depends on you to care for yourself. It is not fair to the doctor to ask him to do the whole thing with a few little pills. What you do from day to day has more to do with your health than any medicine can possibly have, and plenty of substantial food, sleep and air constitute a daily dose that should never be overlooked.

Our kind thoughts live in the remembrances we give.

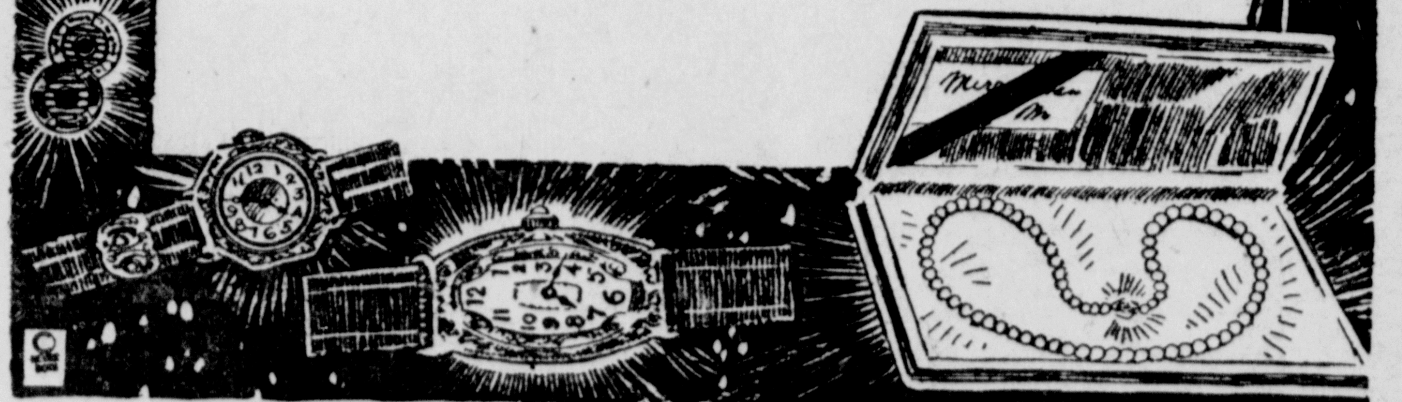

" 'Tis not the weight of jewel or plate
Or the fondle of silk or fur--
'Tis the spirit in which the gift is rich
As the gifts of the Wise Men were--
And we are not told whose gifts were gold
And whose were the gifts of myrrh."

There is joy for you in the joy you give to others.

Tokens that endure--generation to generation--or just remembrances that carry with them the spirit of thoughtfulness.

Have you the Spirit? We have the Gifts--whether your purse be heavy or your purse be poor. We have given the Gift the thought--you need but earnestness.

DEBATING TEAM

Joseph Sittler Chosen From a Field of Twenty-four Candidates.

Joseph Sittler, sophomore at Wittenberg college, Springfield, and son of Rev. and Mrs. Sittler, of Lancaster, is the only new man on the men's debating teams. He was chosen from a field of 24 candidates for the honor. The other five members of the affirmative and negative debating teams are platform veterans. The co-eds, by the way, won all their debates, taking decisions over Michigan and Indiana teams.

Sittler worked on debating teams during his senior year at Lancaster high school.

He was active last year here on the large freshman squad. His reward for industry and application followed.

Sittler will appear as speaker on the affirmative team, urging the United States to cooperate with Canada in building of a waterway from the Great Lakes to the sea.—Lancaster Eagle.

Young Sittler is a nephew of Mrs. I. N. Abernethy, of this city.

GAS TAX FAVORED

Ohio Automotive Association Against Direct Tax on Machines.

Columbus, Dec. 11.—The Ohio Automotive association, in convention here, recommended that automobile owners be required to help pay for the upkeep of paved roads built by property owners, counties and the state. Although officials of the association believe no direct tax upon the automobile should be made with a view toward helping pay for new road improvement, they do concur in the theory that automobiles should be taxed to pay a share of repair work caused by traffic wear and tear. Members expressed the opinion that a gasoline tax should be imposed. The association will support the state highway department's program to spend \$24,000,000 for "good roads" in the next two years.

Swallowed Poison.

Columbus, Dec. 11.—James W. Gee, 41, committed suicide in the garage in the rear of his home by drinking poison. Gee is believed to have been alive when found by his wife, but was dead when taken in Mercy hospital, physicians said. Gee was a grocer's clerk.

FORD BUYERS TO SAVE THREE-QUARTERS OF A MILLION IN DECEMBER.

The reduction in prices announced by the Ford Motor company becoming effective December 2, will save over three-quarters of a million dollars to Ford car buyers the month of December alone. That this amount will be left to the car buyers to spend on holiday gifts and other things is based on conservative estimate of December sales.

The largest cut in the Ford list was that of \$25 in the price of the Fordor sedan, one of the most attractive Ford closed cars and one which is a favorite for family use.

Prices on other Ford types were also reduced bringing all of them to the lowest price level in the history of the company.

Best When Fully Ripe.

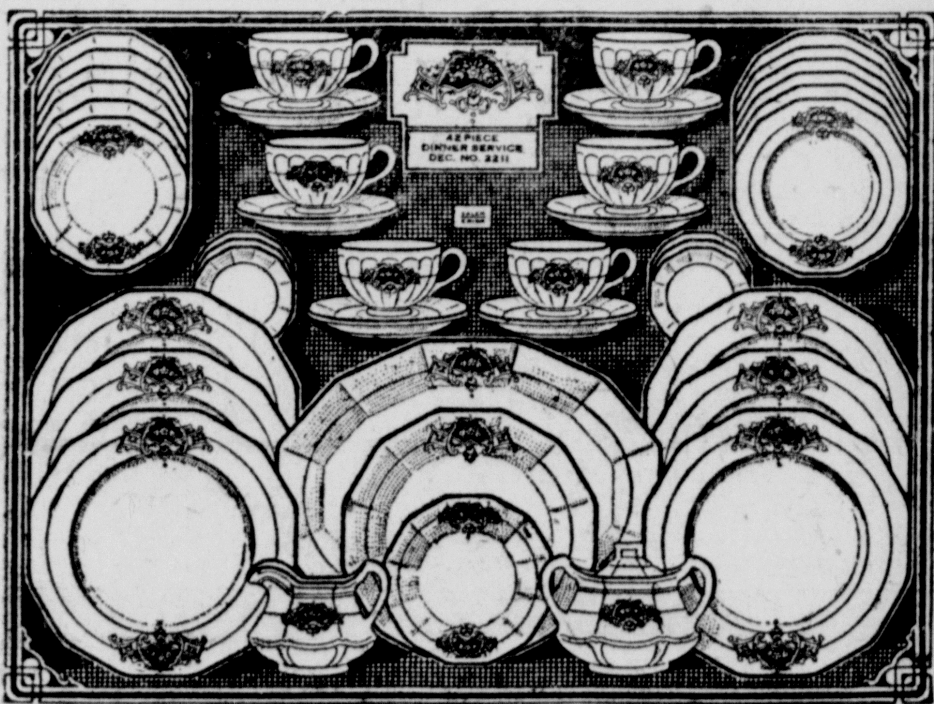

The exuberance of beauty in woman does not reach its climax before the age of 35 or 40. Helen, the great Greek beauty, was 48 years old when she came to Troy. Alkasia did not become the friend of Pericles before the age of 37, and long after that she was admired as the most beautiful woman of her time. Cleopatra was over 30 when Antonius fell in love with her, and Diana de Poitiers over 36 when she won the heart of Henry II.
